

# Kitchen Station 1™

Introducing Kitchen Station

# Pure mineralized water from your tap.

Kitchen Station transforms your tap water into clean, mineral-rich hydration. It's purified with precision, rebuilt with Swedish minerals, and seamlessly integrated into your kitchen.

*Sublime*

Purification

# Start with nothing but water.

Great-tasting water begins with purity. Bluewater SuperiorOsmosis™ technology removes virtually everything but H<sub>2</sub>O, creating a clean slate to rebuild with essential minerals.

SuperiorOsmosis™

Liquid Rock<sup>®</sup> re-mineralization

# Elevated with Swedish minerals.

After purification, we rebuild your water with a natural Swedish mineral extract. With a precise 2:1 ratio of calcium to magnesium, Liquid Rock<sup>®</sup> is designed to support hydration and enhance the flavor of your water.

Customization

# Customized by you.

Adjust your minerals directly in the app. With a simple swipe, choose the profile that fits your taste and routine.

# Bluewater Original · Natural

Taste the balance, inspired by pure spring water, infused with Swedish minerals.

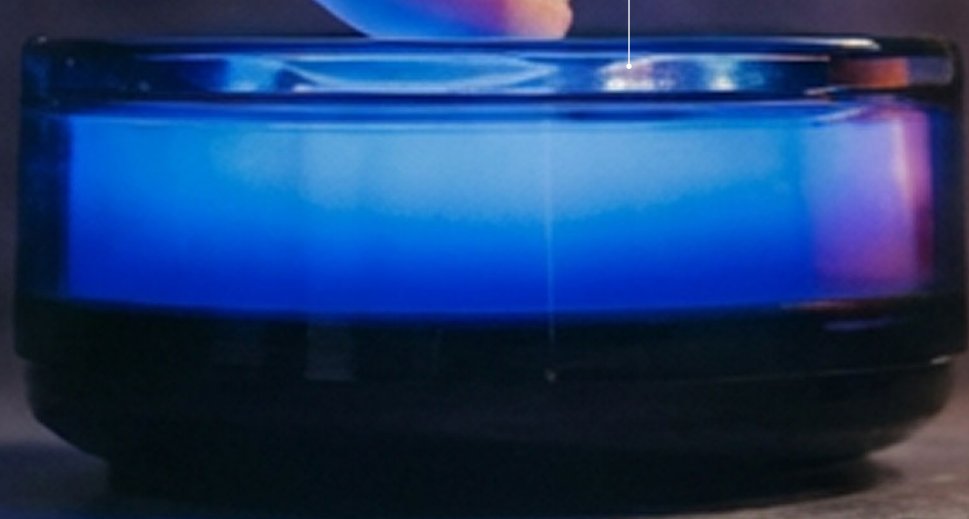

—  
Ca 16.5 mg/L · Mg 8.2 mg/L

**Spinning Blue**

A spinning blue O means you're pouring purified, mineralized water.

A close-up photograph of a hand with the index finger touching the top of a cylindrical water filter. The filter is illuminated from within, creating a soft, warm orange glow. The background is dark and out of focus. The filter sits on a light-colored, reflective surface, which shows a faint reflection of the glowing device.

### Soft Orange

A soft orange glow signals municipal water. Ideal for washing, rinsing, or non-drinking use.

# Compact design.

No bulky dispensers. No extra clutter. Just compact Swedish design that fits seamlessly under your counter and connects to your existing faucet.

 Perfect for our small kitchen. The water quality is outstanding.  
- Mark Stevens

# Bring pure, mineralized water into your home.

Bring mineral-rich hydration home. Schedule your installation at [bluewatergroup.com](https://bluewatergroup.com).

**Bluewater Purifier**  
Your choice of Bluewater  
Cleone, Spirit, or Pro.

**Bluewater Mineralizer**  
Dosing pump, Bluewater  
O™, Control Box.

Category	Details
Water production per day	Cleone 200 L / 53 gal • Spirit 3,800 L / 1,004 gal • Pro 7,600 L / 2,007 gal
Recommended dispense	≥200 mL
Mineralized water per 1L Liquid Rock®	Light ~667 L/176 gal • Original ~400 L/106 gal • Medium ~285 L/75 gal • Bold ~222 L/59 gal
Power source	EU: 3×230 V~ 50/60 Hz • US: 3×120 V~ 60 Hz
Installation volume (Cleone)	445×430×415 mm (17.5×16.9×16.3 in)
Installation volume (Spirit)	230×365×462 mm (9.1×14.4×18.2 in)
Installation volume (Pro)	350×480×486 mm (13.78×18.90×19.13 in)
Installation requirements	Certified Bluewater installer • Lead-free faucet • Back pressure from faucet ≤1 bar
Bluewater O™ indicator	0% purified water: Orange hue • ≥80% purified water: Blue hue
App compatibility	iOS 14+ • Android 6+ • BLE
Included	1x Purifier (Cleone/Spirit/Pro) • 1x Mineralizer
Add ons	Liquid Rock minerals. Minerals are sold separately
